Re: Monthly Updates for the Board of Education

Hello everyone,

It has been a busy fall and there is a lot to report...the Thanksgiving Food Drive is underway with food and donations to purchase food being collected through November 16th.

The College Advancement Staff went to Bend Oregon for the Annual National Council for Marketing and Public Relations Conference in October. M'Liss Runyon won a Gold Medallion Award for the design of a large choir poster that is also used as part of the Inspire branding and photos.

Miriam Edell was involved in the organizing of putting up structures for the new Veterans Farm project. She is hoping Veterans from staff, faculty, and students will become engaged in the project.

Michelle Slay encourages the Board to visit current Classified Staff and retirees that work hard year round at the LBCC Concessions stand to raise funds for their LBCC Relay for Life team. The team raises funds for the American Cancer Society and last year raised over \$8,000! They will be at all upcoming basketball games at LBCC and other events throughout the year.

Paul Tannahill will be attending the Oregon School Boards Association annual convention and training event in November.

Barb Horn is being recognized with her 15-year pin for volunteering/4H Leader for Benton County this month! Barb also attended the Campus Compact Equity Primer Training held at LBCC.

Thank you,

Kevin
