WINTER TERM REGISTRATION is in full swing, and students should be encouraged to plan their Winter Term schedules now, according to Dean Archibald. He went on to state, "registration will change slightly for winter quarter. Students will no longer present a permit to attend class card to the instructor. Instructors are encouraged to develop an unofficial class roster and will be provided with a data processing list much sooner than last quarter. You may refer to the student's copy of his registration slip if necessary."

TIP-OFF BOXES REMAIN EMPTY.

It's a fact that this weekly sheet would not only be easier to compile, but be a lot more interesting if more people contributed! It's so easy to miss something....but very easy to add your ideas and suggestions if they're written. There's usually plenty of room for classified ads, or other tid-bits from the tip-off boxes.

YOUR PICTURES, or at least proofs, should be here next week. Because of priorities, slides were needed first and received the photographer's attention. If you think you would like extra copies, please let me know.

DRAFTING BROCHURES should be delivered tomorrow.

ADN BROCHURES received a further set-back when the printer took a week's vacation and days off for Thanksgiving, but they're nearly ready.

CONTINUING ED class schedules will be ready the first of next week - Home Ec. folders are here and already being distributed.
