### BOND ELECTION ACTIVITY

The main election campaign is scheduled to "break" this weekend. Lawn signs, billboards, banners, window signs, bumper stickers, and pocket signs will blossom throughout the two-county area.

You can help make this "blossoming" bigger and more effective.

We are not asking you to "campaign" in the classroom, but if you could wear the pocket signs yourself and have the brochures, bumper stickers and pocket signs available in your classrooms for students and individuals who desire them, it would give a great "boost" to the campaign. These materials will be made available to you soon.

And, letters to the editors of your local papers help inform people. Perhaps you know someone who could help in this manner.

Volunteers are still needed for election day phoning to help get the voters "out". You may volunteer through your local chairman, or call Margaret Phelan at the college, 926-6091.
