Course Format:

Online

****NOTE FOR SPRING 2020:** This class will begin one week late, on April 6th, and will be a 9-week course. This course is remote learning only, with required lectures and activities provided via Moodle. All students must regularly check their LBCC e-mail, and login regularly to Moodle for assignments and due dates.

Office Hours: MWF 11:30-12:30 PM

Please contact me via email to make a special appointment outside of these office hours (48 hours advance). In the first few weeks of classes, I will be available via phone, zoom or skype to meet with students.

Welcome

Organic farming and gardening methods are discussed in class and practiced in the field. The philosophical background of organic farming as well as the biological, environmental and social factors involved in organic food production are covered. Emphasis is on hands-on application of scientific principles to create sustainable food production systems.

Student Learning Outcomes

The successful completion of this course will enable students to:

- Discuss the biological principles of organic and other ecological approaches in agriculture
- Practice farming and gardening methods that sustain profitable production, communities and environmental health
- Understand the role organically produced food can play in our diet and community

I. General Policies

I. Attendance Policy: Students are expected to view all lectures provided on Moodle.

No quizzes, lab work, or in-class assignments will be accepted late.

This course is a lab science course, so it is expected that you will complete at least 60% of the labs to gain a passing grade. **If a student misses more than 3 lab assignments, the student will automatically fail the course, regardless of the overall percentage for the remainder of the course.**

II. Learning Platform

III. Make-Ups

Make up exams: There will be no make-up exams unless I am informed **in writing** prior to the exam that you will need to miss, and only for documentable reasons. This does not include event tickets, vacations, or other non-university sanctioned events. You need to talk with me directly for approval to make up an exam. Exams may not be taken early.

IV. Special Accommodations

Students who need accommodations due to documented disabilities, have medical information which the instructor should know about, or who need special arrangements in an emergency should speak with the instructor during the first week of class. If you have not accessed services and think you may need them, please contact the [Center for Accessibility Resources](#), 917-4789 or visit RCH 105. If you have already documented your disability, remember that you must complete a [Request for Accommodations](#) form every term in order to receive accommodations. It is the student's responsibility to make any needs known to me within the first week of the semester, *in writing*, so that I can give appropriate accommodation. This includes but is not limited to disabilities of visual, hearing, learning, dates needed for religious holidays, court dates etc.

Va. Academic Misconduct: This includes any form of cheating and will not be tolerated. Students are encouraged to read the college catalog or Student Handbook for further details. If a student is found to have cheated on an exam, after due process the resulting grade will be a zero on the exam or quiz. All group work should still be written in the student's own handwriting and language.

Repeat violations of this policy will be referred to the Dean of Science, Engineering and Math Division. Violations of academic honesty will be met with severe measures that may include failing the course or expulsion from the college.

Vb. Plagiarism: Plagiarism is the taking of ideas that are not your own and attempting to submit them as your own this is also considered academic misconduct. Using someone else's work as your own, including your classmates work, can lead to serious consequences. Plagiarism is subject to disciplinary action and when appropriate will affect your grade. If you use a published source to quote or even paraphrase a reference it is critical to cite your sources, when in doubt ask your instructor specifics about this policy – do not assume that “not knowing” will excuse you from this college-wide policy.

Vc. Professionalism: All students in this class will treat each other and faculty with professionalism. Distracting and disrespectful behavior will not be tolerated.

VI. Personal Computers (Notebook/Laptop/PDA)

Tablet, Laptop or PDA for class notes and in labs may be used for class or lab activities.

VII. Withdrawing from Classes (Dropping a Class After the Refund Deadline)

To drop a class or withdraw from school, you must turn in a Schedule Change form at the Registration Counter or at a community center or use the SIS system. If you withdraw from a course after the refund deadline, you will receive a "W" grade in the class, and you will forfeit all

claims to refunds, and be financially responsible for any tuition and fees. Failure to drop a class may impact your grade point average and financial aid eligibility. Note: For classes meeting eight or more weeks, the deadline to withdraw from the class is 5 p.m. on Friday of the seventh week of the term.

IX. Incomplete Policy

An incomplete (IN) will only be issued when a student is unable to complete the last exam by the end of the term due to extenuating circumstances. Each incomplete grade will be accompanied by a signed contract specifying the conditions necessary to complete the course. A minimum of 70% of the course work must be accomplished (excluding the final exam) before consideration of an incomplete is granted.

X. Assessments

Exams: Are designed to monitor your mastery of the material that you have learned. There will be three exams in this course, each covering roughly one third of the course. The exam format will be multiple choice, short essay, diagramming, analyzing information, and matching. It may take up to one week to grade an exam. All students will receive their test back on the same day. I do not turn back exams early during office hours to individuals.

Early Take Exams: Under no circumstances are midterm or final exams administered early, please plan accordingly.

Late Work: Will NOT be accepted without supporting documentation to show your inability to meet deadlines e.g. a doctor's note or hospital admission form.

XI. College Wide Policies

Comprehensive nondiscrimination policy: LBCC prohibits unlawful discrimination based on race, color, religion, ethnicity, use of native language, national origin, sex, sexual orientation, marital status, disability, veteran status, age, or any other status protected under applicable federal, state, or local laws (for further information <http://po.linnbenton.edu/BPsandARs/>). Policy 1015.

Inclement Weather Policy: If campus is open class will be given (including lab days) and scheduled exams/quizzes will be administered. Please listen to local media coverage for notice of closures such as T.V., radio stations, & the [LBCC website](#).

Basic Needs Policy

Any student who has difficulty affording groceries or accessing sufficient food to eat every day, or who lacks a safe and stable place to live, and believes this may affect their performance in the course, is urged to contact the Roadrunner Resource Center for support (resources@linnbenton.edu , or visit us on the web www.linnbenton.edu/RRC under Student Support for Current Students). Our office can help students get connected to resources to help.

Furthermore, please notify the professor if you are comfortable in doing so. This will enable them to provide any resources that they may possess.
