## Direct Dial Telephone Numbers

Help us serve you better when you telephone the college. Many campus offices have direct-dial phone numbers for your convenience. These phone lines bypass the college switchboard and save both you and the college time. Use the main campus phone number (928-2361) only when you cannot dial directly the campus office you want.

Now you can register for Fall Term before you leave campus in June

Registration changes reflect LBCC's commitment to serving students

Through an early fall registration period in June, LBCC is striving to make registration more convenient for our students. Fully admitted students continuing from Spring Term now will be able to register for Fall Term classes before they leave campus this spring.

On this page, you will find the early registration information for Summer and Fall Term. If you have questions, be sure to stop by the Registration Office in Takena Hall or call 967-6105.

Early Summer Registration

(for fully admitted students continuing from Spring Term)

No appointment cards are necessary.

May 17 & 19 ..... 9 a.m. - 3 p.m. at Registration Counter
May 18 ..... 9 a.m. - 3 p.m. at Registration Counter
3 p.m. - 7 p.m. at Albany Center

No appointments. First-come, first-served basis. Next chance to register for Summer Term: Open registration beginning June 14. The Schedule of Classes for Summer Term will be available by mid-April. Summer Term begins June 21.

Early Fall Registration

(for fully admitted students continuing from Spring or Summer Term)

Note: Pick up pre-printed Registration Form\* at the Registration Counter in Takena Hall:

May 20 - May 28 ..... 8:30 a.m. 4 p.m.

\* Form will indicate earliest date and time you are eligible to register. Time printed will be the same whether you pick up your form on May 20 or May 28 so you don't have to worry about all the early times being given out the first day or two.

Registration Dates:

Tuesday - Thursday ..... June 1 - 3

The next chance to register for Fall Term will be September 2 or after. Fall Term begins September 27.

A new year-long Schedule of Classes for 1993-94 will be available on campus and at the centers about May 10. The year-long schedule will not be mailed to residences.

# Marines Find Lifestyles Altered As Students

*photos & story by John D. Curry*

For LBCC students Bill John and Tim Lichatowich, change has come through a series of altered lifestyles.

In 1987, like many young people graduating from high school, John and Lichatowich joined the military, signing up for four-year stints in the United States Marine Corps.

They met while stationed on Okinawa in the South Pacific. Okinawa had been the site of one of the bloodiest battles during World War II, when the U.S. Marine Corps took heavy losses in capturing the island from the Japanese. Today, Okinawa is used by the United States as a military base.

At the Okinawa training camp, John and Lichatowich forged a strong friendship: they were both from Oregon, and they endured the exhausting discipline and harsh realities of becoming a Marine.

"You become like a machine," said John. "You follow orders."

The pair received honorable discharges and are presently attending LBCC on the G.I. Bill.

"I had lived in Corvallis all my life," said Lichatowich. "When I graduated from high school, I didn't know what I wanted to do. That's why I joined the Marines. Now that I look back on my military experience, I am glad that I did it. It taught me to be tough and face the setbacks of life."

John, a native of Roseburg, was called into active duty during the Iraq war. While in the Middle East, he camped in the desert, carried an M-16

rifle, and was nearly hit by a S.C.U.D. missile. "I was at home sitting in my parent's living room watching T.V. when I got the call," said John "It was my sergeant, and he said, 'Bill John, you'd better pack your bags; we're going to war.' The next thing I knew I was on my way to Kuwait."

Lichatowich, on the other hand, had undergone a spinal operation that kept him in the states answering phone calls at Camp Pendleton, California.

A few months after the Iraq War was over, when both had been honorably discharged, they agreed that going to college would be a good idea. Teaming up, they registered at LBCC on the G.I. Bill. John is majoring in diesel mechanics and Lichatowich is in political science.

The G.I. Bill is a U.S. Government grant issued to soldiers who fulfill a required number of years in the military and are honorably discharged. John and Lichatowich are eligible to receive up to \$10,000 dollars, which can be equally dispersed over four years of college.

Serving in the military before attending college has advantages beyond the G.I. Bill, however. "I'm older and have had some experience," said Lichatowich. "I feel disciplined in my studies. This is something that the Marines did for me -- plenty of discipline. Since I've been in college, I feel myself changing. I'm growing mentally."

John has learned from his year at LBCC that you can't turn the clock back.

"If I would return to the military, I would have to be an officer," said John. "With what I've learned at L-B, I would not be satisfied being just an enlisted man. Getting an education makes you want more out of life. My perspective grows every day that I attend class."

Speculating about their futures, John and Lichatowich agreed that their next change in life would be graduating from LBCC and finding work.

"It means another kind of change," said John. "It will be time to grow again."

Former U.S. Marines Bill John (left) and Tim Lichatowich used funding from the G.I. Bill to attend LBCC.

## PLEASE READ

In past years, full-time students were not required to complete the admission process to register for 12 or more credit hours during Summer Term. Beginning this summer, however, admission requirements apply to all terms. *To register for 12 or more credits this summer, you must complete the admission process.*

## MORE NEWS!!

To assist our students in planning their academic year, a new year-long schedule (Fall, Winter and Spring terms) will be available for the first time. The 1993-94 Schedule of Classes may be picked up at the Registration Counter or at the Extended Learning centers about May 10. *This schedule will not be mailed.*

## Notice: Attend the First Week of Class

Students who do not attend class during the first scheduled week of the class may be officially withdrawn from the class by the instructor.

# IMPORTANT:

*Please read this information before planning your schedule of classes or registering.*

All LBCC credit classes, except Adult High School Diploma, whether lower-division transfer or vocational/technical non-transfer, are taught as college-level courses.

Courses with letter prefixes apply toward LBCC degrees and certificates. Vocational/technical courses are numbered 1.000 through 8.999. These courses generally are not transferable to a four-year college or university. There are some exceptions to this rule, however. Students should see an advisor concerning the transferability of vocational/technical courses.

Courses with 100 and 200 numbers are college-transfer courses. Courses with numbers between 100 and 199 are considered freshman-level courses, and those numbered 200-299 are considered sophomore-level courses.

Courses with decimal points in them and courses with numbers below 100 are not college transfer courses. For example OA 2.530 or MTH 20 probably would not be accepted by a four-year institution.

Some programs require specific courses for satisfying some of the General Education Requirements. Be sure to see your advisor to make sure the courses you select meet the requirements of your program.

## General Education Requirements for Associate Degrees

Students should refer to the current LBCC Catalog, "General Education Requirements" section, for information about courses that fulfill General Education Requirements.

Generally, classes that offer a total of five (5) hours of lecture and five (5) hours of individual hands-on experience on the computer (or at least one credit hour) will apply toward the Computer Competency requirement. For a list of these classes, contact the Academic Affairs Office, room 101, College Center, or the Admission Office, room 115, Takena Hall. A complete list of classes that will fulfill the Perspectives requirements for the Associate of Science degree is available from the Academic Affairs Office, Counseling Center and/or Division/Department offices. All students are encouraged to meet with their advisor or a counselor when planning their schedules and for assistance in determining which courses fulfill specific requirements.

## Alcohol- and Drug-free Program

In compliance with Public Law 101-226, Linn-Benton Community College maintains an Alcohol- and Drug-Free Program to inform students and staff of the risks and penalties associated with the use of alcohol and other drugs. A pamphlet covering LBCC Drug and Alcohol policies is distributed to staff. The policies also are published in the Fall Term Schedule of Classes and the LBCC Catalog. Students wanting additional information should contact the Associate Dean of Student Services. Anyone else needing more information should contact the LBCC Human Resources Office, 6500 SW Pacific Blvd., Albany, OR 97321-3779.

## Records Information

In accordance with the Family Education Rights and Privacy Act, LBCC considers the following to be directory information — student's name, address, telephone listing, major field of study, participation in officially recognized activities and sports, weight and height of athletes, school or division of enrollment, degrees and awards received. Students who do not want to have this information released by the college must complete a directory delete form in the Registration Office.

## Non-Discrimination Policy

It is the policy of Linn-Benton Community College that there will be no discrimination or harassment on the grounds of race, color, sex, marital and/or parental status, religion, national origin, age or disability in its programs, activities or employment. Employees and other people having questions about equal opportunity and non-discrimination should contact the Human Resources Office. Students who have questions should contact the Associate Dean of Students. Questions or concerns related to affirmative action, non-discrimination or equal opportunity should be directed to the Human Resources Office, College Center - room 108, Linn-Benton Community College, 6500 SW Pacific Blvd., Albany, OR 97321-3779. Telephone: 967-6502.

## Schedule/Catalog Information

The information contained in the current LBCC quarterly schedule of classes and the college catalog reflects an accurate picture of Linn-Benton Community College at the time of publication. However, conditions can and do change. Therefore, the college reserves the right to make any necessary changes in the matters discussed herein, including procedures, policies, calendar, curriculum, course content, emphasis and cost. Students enrolling in classes at LBCC shall be subject to rules, limits and conditions set forth in the current catalog, schedule of classes and other official publications of this institution.

3. Proceed to the Registrar's window. If any of the classes that your advisor or counselor approved are filled, you have the option of:
  - a) choosing another class from the approved classes for your degree,
  - b) registering for fewer credits than you had planned,
  - c) returning to your advisor or a counselor to help you choose another class,
  - d) attending the class the first day it meets to see if the instructor will admit you or
  - e) requesting an overload slip from the instructor and registering for the class if the division approves overloads. Check with the division office for information on overloads.
4. You will receive a computer printout of your classes when you have completed registration by paying your fees at the Business Affairs Office, first floor of the College Center (see map below).
5. When you are ready to buy your books, you will find the bookstore located next to the entrance to the College Center (CC) across from the Learning Resource Center (LRC).
6. You must officially drop or add classes by filling out a schedule change form and presenting it at the Registration window. New students must receive a counselor's signature before adding or dropping a course.

**Remember to check with your advisor each term. Failure to do so may mean**

- 1) that you may take classes that do not apply to your major;
- 2) you may be *out of sequence* and be delayed in taking needed classes;
- 3) you may not graduate on your anticipated graduation date. Please see your advisor prior to registering each term.

# How to Read the Class Listings

At the top of each page in the sections where classes are listed (Professional/Technical/College Transfer and Extended Learning) are headings to identify the information you need about each class. An explanation of what each heading means is provided here to help you use the schedule and to register.

**Course #** indicates the specific course number by which a class is identified. Courses with letter prefixes apply toward LBCC degree and certificate programs. *Courses without alphabetical prefixes, such as 0. 123 and 9.123, do not apply toward LBCC degrees and certificates. College transfer courses have 100 and 200 numbers. Courses with numbers lower than 100 are not transferable.*

Courses numbered between 1.000 and 8.999 are professional/technical courses and generally will not transfer to four-year colleges and universities. There are some exceptions to this rule. Students should see an advisor concerning the transferability of professional-technical courses.

**Sec. #** stands for section number. Some classes are offered several times each term. The section number identifies the specific course and when it meets.

**CRN** stands for course reference number. This is an identifying number for each course and is used in registering and for other procedures.

**Credits** indicates the number of credits given for the course.

**Grade** indicates the grading options.

**Day(s)** indicates the day or-days of the week the class meets. The key for days of the week is at the bottom of each page of class listings. TBA indicates "to be arranged."

**Time** indicates the starting and ending time of each class. Classes that begin at 5 p.m. or after are considered night classes and are indicated with a gray shading in the Professional/Technical/College Transfer section

**Part Term** stands for Part of Term. The Part of Term code (either a number or a letter) is important to know for last day to register, refund and withdrawal dates, and when selecting Pass/No Pass.

**Start Date** indicates the day the class begins.

**# of Wks** indicates the number of weeks the class meets.

**Building/Room** indicates the building and room number where the class meets. Class location keys are provided for each section of the schedule.

**Footnote(s)** indicates special requirements and/or supplemental class information. See footnotes listed on this page.

Telephone registrations are not accepted for classes that have footnotes "I," "K" and/or "T." These classes are marked with this symbol ✕.

# Grading System

The following is a summary of the grading system that is used:

- A** (Excellent work): 4 quality points per credit
- B** (Above average work): 3 quality points per credit
- C** (Average work): 2 quality points per credit
- D** (Below average work): 1 quality point per credit
- F** (Failing work, no credit earned): 0 quality points per credit
- IN** (Incomplete work): If a makeup grade is not submitted by the instructor by the end of the following quarter (spring term has to the end of the following fall term), the IN grade will automatically be changed to a "Y" grade. IN grades are not normally awarded in variable credit classes.
- P** (Pass): Credit earned, but not computed in GPA
- NP** (No Pass): No credit earned, not computed in GPA

- AU** (Audit): No credit earned, not computed in GPA
- W** (Official Withdrawal): No credit earned, not computed in GPA
- WP** (Work in Progress): No credit earned, not computed in GPA
- Y** (No Basis for Grade): No credit earned, not computed in GPA

\*Grading backup records are kept for one year only. Grades issued prior to that time cannot be reverified.

**Grade Point Average (GPA)** is calculated by dividing total points by total GPA hours. (Grades not included in GPA: IN, W, Y, P, NP, WP, AU, and repeated grades preceded by R.) Grade reports and transcripts show both current GPA (one term) and cumulative GPA (all classes taken at LBCC).

# Registration Information

This schedule of classes is for selection of Summer Term classes only. To choose a program of study (curriculum), students should use the college catalog and consult with their advisor or counselor.

Registration forms are available in the Registration lobby in Takena Hall and at all LBCC Extended Learning centers. Please fully complete your form, including your Social Security number, which is used for positive identification of your records. An identification number may be requested from the Registration Office if you do not have a Social Security number.

*Be sure to check the list posted in the Registration lobby and at all the centers for filled, cancelled or changed classes.*

#### Tuition

You must pay your tuition the same day you register. Pay your tuition at the Business Affairs Office, first floor, College Center. *Extended Learning Centers:* Pay at the center when you register.

An Installment Payment Plan is available. Please see the Tuition information on page 14. If for some reason any portion of the payment is invalidated, such as a non-sufficient-funds check, the student's registration may be cancelled.

#### Part-time Students

Part-time students can call the Telephone Registration number (926-0664) during the Telephone Registration time period and use their VISA, MasterCard or prearranged Purchase Order for payment.

#### Faculty Advisors

*Faculty advisors and division chairpersons may not be available during break weeks. Students needing instructor and/or division approval should secure it prior to those times.*

#### Attendance doesn't equal enrollment

*Students who have not officially enrolled in compliance with the dates appearing in the Schedule of Classes will not receive credit nor will they be given any special consideration for registering in a class merely because they have been attending unofficially.*

#### Questions?

Anyone having questions about registering for LBCC classes should call the Registration Office, 967-6105. Anyone needing information about being admitted to the college should call the Admissions Office, 967-6106.

## New Full-Time Student Registration

*12 or more credits*

**Step 1**—Fill out an Application for Admission at the Admissions Office in Takena Hall and pay the \$20 application fee at the Business Affairs Office, first floor in the College Center.

**Step 2**—If applying for admission directly from high school or within one year of graduation from high school, provide the Admissions Office with proof of graduation.

**Step 3**—Take the Placement Examination. (Contact Student Assessment Center in Takena Hall for an appointment, 967-6553.)

**Step 4**—Prior to the beginning of the term, you will receive a "Notice of Admission" telling you the date and time to come for the required advising and registration appointment. If you have not received your "Notice of Admission" by the week before classes begin, contact the Admissions Office, 967-6106.

**Step 5**—After advising, take your completed Registration Request Form (signed by your advisor or counselor) to the Registration counter.

**Step 6**—After you have registered, proceed to the College Center (first floor) to pick up your printed schedule and pay your fees at the Business Affairs Office.

## Continuing Fully Admitted Student Registration

*Continuing from Spring Term*

Fully admitted students who are attending Spring term may register May 17 - 19; no appointment is necessary. Tuition must be paid the same day you register. Financial aid awards cannot be disbursed until July 1, 1993, but an Installment Payment Plan is available to all students. See the Tuition Payment information on page 14 for details.

Students who do not register during early registration may register on a first-come basis during open registration beginning June 14.

## Returning Full-Time Student Registration

*Returning after an absence*

Full-time students returning after an absence will register during open registration beginning June 14.

## Part-Time Student Registration

*11 or fewer credits*

All students receiving financial aid **must complete** the admissions process explained in the LBCC Catalog.

(If you have been fully admitted to LBCC prior to this term, you may follow instructions for full-time students. Part-time students may apply for admission, even if they have no intention of attending full time.)

Part-time students may register in one of four ways:

(1) At the main campus Registration counter beginning June 14

(2) By Telephone Registration. Call 926-0664. (Refer to Telephone Registration on page 13 for details.)

(3) At one of the four Extended Learning Center offices (Albany, Benton in Corvallis, Lebanon and Sweet Home):

- For *Extended Learning credit and non-credit classes beginning June 14.*
- For *regular campus credit classes beginning June 15.*

Hours for each center are listed on the first page of the center's section.

(4) For Extended Learning classes only, you may register in class during the first or second class meeting, unless a "J" footnote indicates that preregistration is required.

## After Four Students

Evening degree & certificate

Continuing fully admitted students in the Evening Degree/Certificate (After 4) Program may register May 17 - 19 along with other fully admitted continuing students or during regular open registration, which begins June 14.

## Late Registration

During the second week of classes, the instructor's written permission is required on all registrations.

## Open-entry Classes

See the *Part of Term Table* on page 11 for deadlines to register for open-entry classes.

## Telephone Registration

LBCC offers telephone registration for part-time students (11 or fewer credits). Tuition must be paid by VISA or MasterCard. Classes eligible for telephone registration: All classes except those marked with this symbol ✕ (These are classes with "L," "K" or "T" footnote[s].)

How to register by phone:

- (1) Call 926-0664  
June 14 - 18, 21 - 24: ..... 1 p.m. - 4 p.m.
- (2) Give the operator
  - Your Social Security number
  - Your name, address, phone number and birthdate
  - The Course Reference Number (CRN) of the class you want to take
  - Your VISA or MasterCard number and expiration date
- (2) Maximum of two students per phone call
- (4) Businesses who have prearranged through the LBCC Business Affairs Office to do so may use a Purchase Order number
- (5) A \$1 non-refundable telephone fee will be charged
- (6) If you register for credit classes by telephone, you may stop by the Registration Office to pick up your student body card. Cards are issued for Recreation Room equipment usage, student discount at LBCC events, library, computer lab and check cashing at the Business Affairs Office.

## Waiting Lists

Students may ask at the Registration counter or Extended Learning centers to be put on the computer waiting list for classes that are full and that have waiting lists. Students are not registered for the class and will not be charged for it. They are on the waiting list only in case a seat becomes available. The waiting lists apply to specific course sections and not to course numbers. Students need to contact the instructor by the first class meeting to establish their intent. The class is added to the student's schedule when he or she presents a signed Waiting List Approval Form and a Registration or Add Form at the Registration window or center office before the registration deadline and pays the tuition that same day.

# Academic Information

## Adding or Dropping Classes

To add or drop a class, a Schedule Change Form must be presented at the Registration Office or one of the Extended Learning Center offices and any additional tuition paid the same day. Adding classes after the first week requires the instructor's written permission. When a class is dropped within the refund period, the tuition may be transferred to another class. Tuition paid for classes dropped after the refund period cannot be credited toward another class. See the *Last Day to Drop For a Refund on the Part of Term table* (page 11) of this schedule.

*Students who stop attending without giving written notice to the Registration Office within the refund period will forfeit all claims to refunds and will be responsible for their grade in the class and for any installment payment commitment. See refund section for specific refund dates and amount.*

## Advising

Personal assistance in planning a schedule of classes is available to all students, whether part time or full time, through the Student Advising Program. Newly admitted students will be assigned by their major course of study. Advisors and their office numbers are listed, according to major, on the inside back cover of this schedule. Contact the Counseling Center in Takena Hall with any questions.

## Auditing Classes

Students may enroll as auditors up to the registration deadline for the class. Charges for auditing are the same as for regular credit enrollment.

The final grade assigned a student with audit status shall be based solely on classroom attendance and may be entered as an AU or a Y at the discretion of the instructor. The instructor has the right to require 100 percent attendance when audit status is requested.

## Cancelled Classes

Classes may be cancelled due to low enrollment. Upon notice from the student, tuition paid for a cancelled class may be transferred to another class (subject to space availability and instructor approval requirements) or will be refunded.

## Credit by Examination

Presently enrolled students (6 or more credits) who believe they have mastered the material presented in courses listed on the Linn-Benton Community College Course Challenge List may apply for Credit by Examination. For further information concerning the college Credit by Examination program, please request an outline of Credit by Examination procedures and a Course Challenge List from the Student Assessment Center located in Takena Hall.

## 14 Academic Information

### Financial Aid

Grants, loans and scholarships may be available for those wanting to attend college but who cannot afford the cost. New or continuing students taking six or more credit hours may qualify for financial assistance, which then can be applied to tuition, books, supplies and/or living expenses. Because the application process can take from four to ten weeks, those interested are urged to apply for aid as early as possible. Applications will be mailed upon request. They are available at the Financial Aid Office in Takena Hall, room T-119, phone 967-6104.

Individual evening appointments are available on request. Students receiving financial aid must have completed the admission process, whether full time or part time.

### Overload Credits

Students registering for more than 20 credits in a term must have the written approval of a counselor.

### Pass/No Pass Grading

Certain courses listed in the schedule have an "OPT" designation in the "Grade" column. Students in these classes have the option of taking the course for the usual letter grade or taking it on a pass/no pass basis. Students in these courses may submit a P/NP Option Form to the Registrar's Office by the appropriate date listed in the *Part of Term table* on page 11. Courses listed in the schedule with "P/NP" in the Grade column are those where only pass or no pass grades are issued.

**Note:** The maximum number of "P" credits allowed toward an LBCC degree will be 16 credits, not including those with mandatory P/NP grading. Students are advised to consult with their advisor or a counselor before deciding to choose the P/NP option.

It is the student's responsibility to check the Class Schedule to determine whether or not a class has the pass/no-pass option. Requests submitted in A-F classes will not convert grades to P/NP.

### Refunds

To receive a refund, a signed Drop Form must be received in the Registration Office or one of the Extended Learning Center offices within the refund period shown in the *Part of Term table* on page 11. Refunds for part-time students are 100 percent of tuition. Refunds for full-time students who drop below 12 credits are the difference in tuition. Lab fees are refunded upon request of the instructor only.

Classes cancelled by the college are refunded at 100 percent or the tuition is transferred to another class if the student so requests.

If a class is dropped after the refund deadline, the tuition is not refundable. Students who stop attending without giving written notice to the Registration Office within the refund period forfeit all claims to a refund and are responsible for their grade in class and for any installment payment commitment.

### Tuition & Fees

Full payment of tuition is required on the day of registration or add/drop. Students whose tuition is to be paid by a special program, agency or financial aid award must confirm the credit with the Cashier the same day as registering. If for some reason any portion of the payment is invalidated, such as a non-sufficient-funds check, the student's registration may be cancelled. The Cashier is located in the Business Affairs Office, first floor of the College Center.

#### Tuition and Fees for Summer Term 1993.

	Oregon Residents	Out-of-State	Foreign
Per Credit	\$28	\$115	\$130
15-20 Credit	420	1,725	1,950

#### Tuition for non-credit classes

Tuition for non-credit classes is based on the number of hours an instructor is furnished. The charge is listed with each class.

#### Tuition reduction for the unemployed

Tuition reduction for the unemployed is for part-time students who are district residents and receiving unemployment compensation or who are available and seeking work. These students may qualify for a 50 percent reduction in tuition up to \$168 (which equals a maximum reduction of \$84). Ask for an Unemployment Tuition Reduction form at the Registration Office or at LBCC's Extended Learning centers. Before registering, see waiver form for limitations.

#### Golden Age Program

The Golden Age Program provides opportunity for Oregon residents 62 years of age or older to participate in college classes for one-half tuition. The discount does not apply to material or lab fees.

#### Transcript Fee

Transcript fee: Official copy — \$2 per copy including first copy and \$1 per each additional copy if ordered and sent at the same time. Student copy — \$.50 per copy. Transcript orders require up to 72 hours for processing.

### Tuition Payment

In order to validate the registration transaction at LBCC, students must pay the assessed tuition and fees or confirm with the Cashier in the Business Affairs Office, on the day they register or add a class, that a credit has been previously arranged by a special program, agency or financial aid award.

#### Installment Payment

An Installment Payment Plan is available to all LBCC students registering for more than three credits. A down payment equivalent to three credit hours, plus a \$7 installment fee, is required at the time of registration. This service is available at the Business Affairs Office until 4 p.m.

### Veterans' Benefits

Students receiving benefits under the GI Bill, Veterans' Vocational Rehabilitation or as a veteran's dependent must start the necessary paperwork themselves each term in order to receive their benefits. Assistance is available in the Office of Veterans' Affairs (at the Financial Aid Office) in Takena Hall. Call the Financial Aid and Veterans Office at 967-6104 for additional information.

### Withdrawal from School

Students who cannot attend classes should officially withdraw from school. The last day to officially withdraw from school Summer Term 1993 is shown on the *Part of Term table* on page 11. Students who withdraw and expect a refund of tuition must comply with the dates listed in the column headed *Last Day to Drop for a Refund*.

# Student Services Information

## Adult Basic Education

Adults wanting to complete their high school education or improve high school-level skills can do so at LBCC. Small, informal classes in Adult Basic Education (ABE) are offered days and evenings throughout the district. They are free and cover English, math, social studies, science and literature. Individuals may enroll at any time during the term and complete individualized study programs at their own pace. A competency-based Adult High School Diploma (AHSD) and classes for the General Education Development (GED) equivalency certificate are available. Check the ABE/GED listings for offerings on the main campus and at the off-campus Extended Learning centers in the schedule for classes near you or call the Student Development Office, 967-8836.

## Assessment Center

The Student Assessment Center, located on the second floor of Takena Hall, offers the GED testing program to residents who have not earned a high school diploma. LBCC also participates in the College Level Exam Program (CLEP), which provides a way for students to earn college credit for non-classroom experience. Career interest and personality inventories are given upon counselor referral, along with a variety of other guidance tools. The Student Assessment Center also administers the Placement Test as part of LBCC's admissions process and, upon request, similar tests required by other programs. For more information call 967-6553.

## Bookstore

The LBCC Bookstore carries texts and supplemental readings for courses taken on the main campus. Books for classes offered at LBCC Extended Learning centers are available at the *centers only*, not at the main LBCC Bookstore. Also available are art and school supplies, stationery, novelty items, magazines and general interest books. The Bookstore is in the College Center, phone 967-6503. Summer hours are 8 a.m. - 4 p.m. Monday-Thursday and closed Fridays. The Bookstore will be closed July 1 for inventory.

**Book Buy Back** for Summer Term will be 8:30 a.m. - 4 p.m., August 23 & 24 and 8:30 a.m. - 7 p.m. on August 25 in the Willamette Room on the second floor of the of the College Center. On Thursday, August 26, the Buy Back is 8:30 a.m. - 4 p.m. at the Bookstore Customer Service Window (in the hallway of the College Center). Wholesale book buy backs are done daily at the window.

## Bus Systems

The Linn-Benton Loop System provides service between Albany, LBCC, Corvallis and Oregon State University. "Park and Ride" locations, where bus riders can park their cars, are available in Albany, LBCC (the south parking lot) and Corvallis. The Albany Transit System provides service from downtown Albany to LBCC. For more information on these two bus systems, call 967-4318. The Corvallis Transit System makes connections with the Linn-Benton Loop bus at 5th and Jefferson and 15th and Jefferson in Corvallis. Call 757-6998 for more information. All three bus systems are handicapped accessible.

Bike racks are provided on the front of Loop buses for use on a space-available basis.

Special express buses traveling directly between Corvallis and the LBCC campus are run late mornings and early afternoons.

Bus schedules are available at the LBCC Albany Center office, first floor of Takena Hall, during the summer. During the regular academic year, passes also are available in the Student Programs office and the Culinary Arts and Food Service office on the second floor of the College Center. A bulletin board displaying transit information for the Loop System and Albany Transit is located in Takena Hall (across from the Albany Center). Loop bus passes may be purchased at the Albany Center on campus or at the city halls in Corvallis and Albany.

During the regular school year, the Student Programs Office coordinates a Carpool Program. To sign up as a passenger or a driver, check the Carpool Information Board in the College Center. If you have questions, call 967-8831 and ask for the Carpool Sign-up.

## Child Care

**Child Care Resource and Referral (CCR&R)**  
CCR&R is the link that makes the child care system work for parents, child care providers, employers and the community. This system offers help and information to parents seeking child care and is located in Health Occupations Building, Room 203. Parents can access the service by walking in or by calling 967-6501. The program is made available through the Associated Students of LBCC.

### Family Resource Center

On-site child care for campus families is provided in the Family Resource Center. The center can care for 54 children 2 1/2 years to 5 years of age. If you would like information about this service, please call 967-8833.

## Computer Lab

All full-time or part-time LBCC students and staff are eligible to use the student computer lab. Located on the second floor of the Forum Building in F-204, the lab is equipped with 25 IBM-compatible personal computers, 12 Macintosh computers and 8 terminals connected to the VAX (main frame computer). The computers are networked to provide access to word processing, spreadsheet, data base and programming software. Instructional assistants are available to help with any questions. Forum Computer Lab hours for Summer Term are 8 a.m. - 10 p.m. Monday and Wednesday and 8 a.m. - 6 p.m. Tuesday and Thursday.

**Counseling & Career Center**

The Counseling and Career Information Center gives assistance in academic, personal and career counseling. The center has a computerized career decision-making program, "CIS-Micro Skills," that is available for students and area residents to use. If you have any questions about your schedule, your future or problems of a personal nature, don't hesitate to contact the Center in Takena Hall. Phone 967-6102. The Extended Learning centers also have counselors to assist students in the outlying areas.

**Disabled Student Services**

LBCC provides a number of services and programs on campus for disabled students, including special classes, supportive services and aids. For information on any disability-related matter, contact the Disabled Student Services Office, 967-8836.

Students who are unable to stand in line due to physical limitations may obtain a "Handicapped Student Line Reservation Slip" from the Registrar's secretary.

**Food Services**

The Commons cafeteria and the student-run Santiam Room Restaurant are closed during the summer. The Camas Room, a snack bar located in Takena Hall, is open 8 a.m. - 3:30 p.m. Monday through Thursday. The Camas Room will be closed August 30 through September 6.

**Hearing Impaired Telephone Service**

Students and staff may use the TDD located in the Student Development office, room 200 of the Learning Resource Center, to communicate with community members who are deaf or hearing impaired. Community members who are deaf or hearing impaired and want to have questions about the college answered or want to facilitate an appointment with college staff can call LBCC staff at the TDD number, 967-6114, for help.

**Job Placement**

Full-time, part-time and former LBCC students can get help finding temporary or permanent employment by visiting the Placement Office in Takena Hall. Advice on resume writing and job interviewing is available. Cooperative Work Experience positions also are available. Summer hours are 8 a.m. - 5 p.m. Monday through Thursday. Call 967-6102.

**Learning Center**

Students or district residents interested in improving their learning skills can get help from the Learning Center, located on the second floor of the Learning Resources Building. Tutorial services and individualized study labs in writing, math and reading are available. Phone 967-8836, for more information. These services also are provided at the Extended Learning centers in Corvallis, Lebanon and Sweet Home.

**Library**

LBCC's 50,000 volume library is open to all Linn and Benton County residents. Located on the ground floor of the Learning Resource Center, the library has open stacks for leisurely browsing and a quiet study atmosphere. Periodicals, cassette tapes, audio-visual aids and copying services are available. Library hours for the summer are 8 a.m. - 4:30 p.m. Monday through Thursday. Phone 967-8813. LBCC's Extended Learning centers provide drop box service for the return of LBCC library books and materials.

**Printing**

The LBCC Print Shop offers convenience printing services for students and staff of the college. The Print Shop is located on the first floor of the Learning Resource Center. Convenience printing orders can be placed between 8 a.m. and 4:30 p.m. Monday through Thursday during the summer. The Print Shop will be closed July 19 - 30 as a cost-savings measure. The Print Shop also is closed Monday, July 5, for the Independence Day holiday and Monday, September 6, for Labor Day.

**Student Insurance Coverage**

Occasionally students will incur injuries or loss of property while participating in Linn-Benton Community College classes or activities. Tuition and fees paid to LBCC **do not** include medical/dental/disability or theft insurance.

As a service to LBCC students, the college makes available an insurance program in which students may elect to participate. Information can be obtained from the Registration Office in Takena Hall.

For a few classes, arrangements have been made in advance for workers' compensation coverage. This is not automatic and requires prior arrangement with the Business Affairs Office. LBCC also furnishes a limited secondary medical plan for athletes in varsity programs.

Both workers' compensation and athlete insurance programs are very specific in applications covering relatively few students.

Registered students at Linn-Benton Community College are not covered by health insurance, accident insurance or by workers' compensation insurance. Further, the college does not provide insurance coverage for tools or personal property that students may lose to theft or may be damaged by vandalism.

Students assume all responsibility for injuries or loss they may incur because of the unusual risks associated with enrollment in classes, laboratories or related field experiences, co-curricular or extra-curricular activities at LBCC.

LBCC shall not be held responsible for any injury to students, including death and any loss of personal property arising out of participation in LBCC programs et al, except arising out of the sole negligence of the college.

Student medical insurance is available by an outside carrier each term during registration. All students are encouraged to have some type of medical insurance.

## Student Programs

The college encourages activities that complement a student's academic program. The Associated Students of LBCC organization provides opportunities for students to serve on college committees, participate in student government and earn credit for participating in leadership activities that enhance student life. Co-curricular clubs and activities available to students include areas such as journalism, welding, engineering, wastewater technology, nursing, animal technology, drama, music, intercollegiate athletics, dental assisting, DECA, culinary arts, graphics arts, diesel, data processing, horticulture, racing performance and business management. Extra-curricular activities include Ski Club, International Students, Native American Students, religious affiliations, dances, lunchtime entertainment and intramural sports.

Student activities, organizations and sports are open to all students. For more information about student activities, contact the Student Programs Office, room 213 in the College Center, 967-8831.

## Women's Center

The female student population at LBCC is a diverse group. Their goals vary. Some are earning GED's, some are in professional/technical training programs and others are planning to transfer to a four-year college or university. One thing they all have in common, however, is an open invitation to visit and use the services of the LBCC Women's Center.

The center offers: *Scholarship Information* - listings of currently available private scholarships for women of all ages and in many career areas; *Information and Referral Services* - comprehensive campus and community referral service to assist the student in finding answers or at least finding the right place to ask questions; *Library* - an expanding collection of books, periodicals and resource files that are checked out to students and non-students free of charge; *Peer Support and Advising* - available by appointment or on a drop-in basis plus support groups that meet regularly with the center acting as an advocate on issues of concern to women; *Programs* - offered throughout the academic year, such as brown bag lunchtime discussions on a variety of issues.

A lounge with a coffee bar is available for study and informal gatherings.

Call the Women's Center, 928-2361, ext. 377, for more information.

## Final Exams Schedule

### For Summer Term

Finals for 10-week classes will be scheduled during regular class time on Wednesday and/or Thursday of the tenth week of the class. Finals for classes meeting fewer weeks will be scheduled during regular class time one or both of the last two days of class.

# The Card

## THIS IS ONE CARD YOU REALLY DO NEED

The Associated Students of Linn-Benton Community College have helped support the purchase of a picture ID card system. Currently, the ID card is used to cash checks in the Business Affairs Office, to take tests in the Assessment Center, in the Learning Center and Forum Computer Lab and as verification and identification for students receiving financial aid and charging books. The

library is in the process of being automated, starting Summer Term 1993, the ID card will be used for checking out books. The card also provides verification that you are a student to merchants in the local community. Many merchants provide discounts to LBCC students.

There is a one-time charge of \$5 for the card, and it will be re-validated free each term you register. There will be a

charge for re-issuing lost cards. Students are encouraged to get their new ID card prior to paying their fees. Any LBCC student is eligible for a picture ID card; however, they will be issued only on the main campus. Plans are being made to make the card available at the off-campus centers in the future.

Photos for the ID card are taken in the Career Center Tuesdays and Wednesdays from 10 a.m. to 2 p.m.

# Summer Classes

Note: This section includes all on-campus and Extended Learning Center classes that will apply toward an LBCC degree or certificate. The Class Location Key lists the sites of both the on-campus and the off-campus classes. The classes offered through an LBCC Extended Learning Center are listed by subject and under the sub-heading "Extended Learning/Off-Campus Classes." In this section, classes offered during evening hours are highlighted with a **gray shading**. Class location keys for classes offered through the LBCC Extended Learning centers are listed on the first page of each center's section.

**MATHEMATICS (967-8856)**

Eligibility to enroll in math courses is based on demonstrated skill level through completing the appropriate prerequisite with a "C" grade or higher or achieving an appropriate test score on the Placement Test.

**MATH LAB**

The on-campus Math Lab is located on the second floor of the Learning Resource Center. The lab is an open-study area where students who are having difficulty their math courses can receive assistance. The lab also operates a testing area for many of the math courses offered through the Science and Industry Division. Summer lab hours are:

## TV TELECOURSES TV

Telecourses are genuine college courses. They enable students to earn college credit at home and are an alternative to attending classes on the LBCC campus. Medical Terminology I and II will not be broadcast over Oregon Public Broadcasting or TCI Cablevision. Instead, the complete telecourse is available at no charge on two VHS tapes from the LBCC Library. Enrolled students may check out the tapes for the entire term. Registration procedures are the same as for regular LBCC courses. A \$15 telecourse fee in addition to regular tuition is due at the time of registration. Attending the first class meeting, listed in the schedule, is important because it serves as the student orientation session. On-campus attendance is required three or four times for review and testing. For more information, call Paul Snyder in the Media Services Center, 928-2361, ext. 332.

**The Albany Center... Learning for a Lifetime**

# Highlights

## Take a Personal Growth Class

Earn college credit this summer by taking one of the Albany Center's *Personal Growth* classes. Take *College Success Skills*, a five-week course focusing on personal development and academic skills necessary to promote success in college. Take *Assertiveness Training* to learn effective and empowering communication skills. Learn about the causes and cures of stress by taking *Coping Skills For Stress*. In *Adult Children of Dysfunctional Families*, explore adult issues that develop as a result of growing up in a dysfunctional environment. Be sure to look in the *Personal Growth* section for details.

## Make This a Special Summer: Take a Class Just For You

Prepare for the Oregon real estate exam by taking *Real Estate Preparation*. See the *Business* section for details. Enrich your life through literature by studying the lives of selected famous men and women of the last two centuries. Check the *Literature* section for *Richer by Biography*. Clarify who you are, what your needs and wants are, and how to meet them in *Get What You Want in a Relationship*. Would you like to better understand motivations of self? If so, join us as we learn about self-hypnosis and its uses in *Self-Hypnosis and Personal Growth*. For more information, look in the *Personal Growth* section.

## Computer Classes

The Albany Center is offering classes this summer to help you learn about computers. We offer classes for the IBM-compatible and the Macintosh. If you're a first-time user and IBM is your computer choice, come to our *Introduction to Microcomputer* classes. *WordPerfect* is taught for those wanting to understand how to use this versatile word processing program or *Quattro Pro* for the more advanced student. For those who like to work at their own pace or who need a different time frame, try one of our self-study classes. If you are a Macintosh user, learn the basics in our *Introduction to Macintosh*. Are you ready to move on in the Macintosh world? Our *PageMaker* class teaches students how to lay out text and combine graphics with print. Check the *Computer* section for times and dates.

## Explore Our Beautiful State

Nothing is more beautiful than Oregon in the summer. Come along with us as we explore the Oregon coast, the Willamette Valley, and central and southern Oregon.

**TRAVEL THE OREGON TRAIL:** Join the Albany Center this summer as we take two exciting "history on wheels" trips tracing parts of the historic Oregon Trail. The first trip, tracing one of the routes of the pioneers, follows along the Barlow Trail and visits Flagstaff Hill and the site of the Whitman Massacre. The next trip visits the battlegrounds of the Modoc War, the Indian Agency and Fort Klamath and follows the Applegate Trail from Klamath Falls to the Willamette Valley. See the *History* section of the schedule for more information.

**SCUBA:** Discover the beauty of the ocean underworld by taking *Beginning Scuba Diving*. Details listed in the *Physical Education* section.

**HIKE OR FISH:** There's no better way to enjoy the out of doors than by hiking or fishing. Come along with us as we fish for summer steelhead and trout. Or, hike along the trails with us as we see an enchanted forest stream and a 1600-year-old lava flow, the south fork of the Breitenbush River which "turns on its side," and the Meadow Edge Trail of Mary's Peak. Look in the *Outdoor* section for details.

*Treat yourself to a special class this term — one that stimulates your mind and your creative talents. See our schedule for times and dates or call our office at 967-6108 for more information. We're here to help you. The Albany Center: where learning is for a lifetime...and we make learning fun!!*

# Highlights

## Stimulate Your Creative Energy

Summer is a great time to explore or renew your creative energy. Why not enroll in a Benton Center art class? Classes in *Drawing, Beginning Jewelry, Learn to See and Draw, Special Projects Painting Lab, Watercolor Workshop, Ceramics and Pottery, and Techniques for Handbuilding Success* offer opportunities for your creative expression. Look under the *Art* and *Ceramics* headings for complete information about these classes.

## Open Labs Offer Great Way to Earn Credits This Summer

Summer is a great time to get a head start learning or upgrading office or computer skills, taking accounting or working in the Math Lab. The Benton Center offers a variety of self-study, self-paced opportunities to work at your own speed and get personal help when you need it. Three levels of *Practical Accounting* are offered Tuesdays and Thursdays. For information about these classes, look in the Benton Center *Accounting Lab* section. We also are offering a variety of four- and eight-week classes for beginning or more advanced business technology students. These classes are listed under the *Business Technology Lab* heading. You'll find the Benton Center *Math Lab* classes listed under the *Mathematics* heading. Self-study and lecture classes for computers are listed under *Computers: Microcomputer Applications*.

## daVinci Days Celebration

Get a head start on this year's celebration by learning more about Leonardo daVinci. Spend two stimulating evenings exploring the creative legacy and artistic genius of the Renaissance Man. Look under the *Art* heading for dates, times and location for this class.

## Home Video Film Making

Summer will be here soon, along with family outings, special vacations, family reunions and other exciting activities. What a great time to learn to use your video camera! Take this class to learn how to use major film techniques to design and produce your own videos. Look in the *Photography* section to learn more about this fun class.

## Make Fitness a Way of Life

Be good to your body as well as your mind this summer. Take an exercise class. The Benton Center offers a variety of fitness classes to help you gain and maintain your health. Look in the *Physical Fitness* section of the Benton Center listings for a class that meets your fitness goals and your scheduling needs.

## Explore Our Roots

Catch the excitement of the Oregon Trail Celebration by learning more about our local history. The Benton Center is offering classes this summer that focus on *Oregon History* and *Native North Americans*. *Anthropology 232* studies the earliest inhabitants of North America: their customs before and after white contact and contemporary issues. *History 240, Oregon History*, explores historical events, including the Oregon Trail, which influenced development of local areas. *Oregon Trail: Native Americans* is a free, six-week lunchtime series that provides insight into the Native American experience of western migration. For more information, look in the Benton Center *Anthropology* and *History* sections.

## Enjoy the Great Outdoors

Dust off your bicycle this summer and come meet other cyclists in the *Joy of Cycling* class. This easy-paced course is designed to help people experience the world of bicycling for health and enjoyment. Does flyfishing catch your fancy. Then learn how you can catch the big one in our *Stream Fly Fishing for Trout* class, where you will learn all the basic skills of fly fishing for trout: equipment, types of flies, knots and strategy for pursuing the wily trout.

In *Beginning Golf*, you learn both the mental and physical needs involved in golf, including grip, stance, swing techniques, rules, strategy and etiquette. And we make it easy; equipment and balls are furnished. To find out dates, times and locations of these classes, look under the *Outdoor Experience* heading in the Benton Center section.

## BUSINESS TECHNOLOGY LAB

The Business Technology Lab offers you a place to upgrade office skills or learn new ones in an individualized setting so you can progress at your own pace. Every class requires attendance in the lab for a different number of hours based on the number of credits and duration of class. When registering, call or report to the lab to select your attendance times so equipment may be reserved for you. In addition to your selected hours, equipment may be used at other lab times on a seat-available basis.

**IMPORTANT:** Preregistered students who do not attend during the first week may be subject to instructor withdrawal. Non-attendance during the term also may be cause for withdrawal.

You may register for open-entry classes (indicated with a 0 footnote) at any time. If you register for an "open-entry" class after the first class week, you must check with the lab to be sure the time is available to complete the course.

Credits must be earned and lab hours used within the term they are purchased. Refunds are not given for unused lab hours.

**Business Technology Lab Orientation Meetings on Monday, June 21: Keyboarding Orientation - 9:15 a.m. & 5:15 p.m., WordPerfect Orientation - 9:45 a.m. & 5:45 p.m., General Orientation - 10:30 a.m. & 6:30 p.m., Speed and Accuracy Development - 11 a.m. & 7 p.m., Skillbuilding/Computer - 10:45 a.m. & 6:15 p.m.**

### MICROCOMPUTER SELF-STUDY

Self-study courses are available in the Benton Center's Microcomputer Lab that enable you to learn individually at your own pace during the lab's open hours. Manuals, software, study instructions, instructional assistance and correction of assignments are available in the lab 22 hours a week. (See lab hours under Microcomputer Lab.) You can identify self-study courses by the title and by the "LAB" listed in the "Day(s)" column. If you are interested in taking a self-study course, you will find it beneficial to attend one of the FREE Intro to Micros: Mini-Sessions listed under computer classes. You may ask questions at that time about Self-Study classes. If you are unable to come to the Introduction Mini-Session, come to the lab during open hours for an individual consultation.

### MICROCOMPUTER LAB

#### Lab Usage:

All currently enrolled LBCC students may use the Benton Center Computer Lab during open lab hours. Others may purchase time. The Computer Lab offers you the opportunity to use equipment and software while learning about microcomputers, improving job skills or pursuing personal projects. The computers are IBM compatibles 286 or 386SX with Windows and DOS 5. Software selections include word processing, spreadsheets and data base programs. Accounting and graphics may be explored also. Hours may be purchased at any time during the term with the assurance that an instructional assistant will be staffing the lab to help you. Open lab hours are as follows:

MONDAY and WEDNESDAY ..... 1 p.m. - 5 p.m. and 6 p.m. - 9 p.m.

TUESDAY and THURSDAY ..... Noon - 4 p.m.

Note: The lab will be closed Monday, June 21, all day for the free Intro to Micros: Mini-Sessions.

### COMPUTER LAB ADVISEMENT SESSIONS:

Are you thinking of taking a computer class at the Benton Center? Need to find out which one would be best? Do you have some questions about how the self-study program works? We offer a designated day of advisement at the Benton Center Computer Lab (Room 201) on Wednesday, June 9, from 1 - 7 p.m. Please stop by and ask our staff any questions you have about the computer classes we offer.

## MATHEMATICS

Eligibility to enroll in math courses is based on demonstrated skill level through completing the appropriate prerequisite with a "C" grade or higher or an appropriate test score on the Placement Test. Bring proof of prerequisite or call 757-8944 to schedule a Placement Test.

### MATH LAB

The Benton Center Math Lab provides a means for you to learn mathematics in a self-paced, self-study setting. You may begin a class at any time during the summer session if the enrollment limit has not yet been reached. Register early because registration could be closed at any time. To determine the appropriate math class to take, call 757-8944 to schedule an appointment for a Placement Test. Although all Benton Center Math Lab classes are variable credit, you must register for all credits your first term. For classes not completed in one term, partial credit will be awarded, and the remaining credits must be repurchased and completed the next term.

**Important:** Preregistered students who do not attend during the first two weeks may be subject to instructor withdrawal.

**MATH LAB ORIENTATION MEETINGS:** If you have never taken a class in the Math Lab, try to come to an orientation session. Note there are special sessions for MTH 20 students.

**Monday, June 21:** 9:30 - 10:30 a.m.  
10:30 - 11:30 a.m. (MTH 20 only)  
6:45 - 7:45 p.m.

Bringing Adults  
and  
Education Together

# Highlights

## Summer: A Great Time for Biking

Summer's coming! Time to get the bike out and start getting some exercise while seeing the country side. Here are some classes to help you along the way. *Bicycle Safety and Maintenance*: learn what to do if you are stranded on the road or out in the woods -- away from help. *Bicycle Skills*: learn about buying a bicycle for all uses, accessories and how they work, handling skills and even which lock is the best. Through these classes, you get expert guidance to getting the best value for your money and the best performance from your bicycle. Look in the *Outdoor Experience* section of the Lebanon Center listings for the dates, times and locations.

## Protect Against Computer Viruses

A virus in your computer can be expensive experience and devastating to your hard drive. In this one-day class, Pat Hartley teaches you how to protect your data and demonstrates various types of virus detection software that will protect your hard drive and files. Upon completion of the class, students receive a free copy of F-PROT virus detection and disinfectant by Fedrik Shulason of Iceland. Look in the Computers: Microcomputer Applications area of the Lebanon Center class listings for details on this class that could save =your sanity and your computer's hard drive.

## Invest for the Future

If you are unsure how to invest your hard-earned income, Bob Gordon is offering a four-week class, *Investments, Stocks and Bonds*, that will answer many of your questions. You'll receive information on what securities and investment vehicles are right for you in this free four-week class. Look in the *Consumer Education* section of the Lebanon Center class listings for details.

## Seascape Painting Workshop

We are excited to bring you a two-day oil painting workshop by well-known artist Sharon Rickert. Based in Newport, Sharon brings a great knowledge of coastal scenes to the classes she teaches. You won't want to miss this special opportunity to join her for a 12-hour paint along workshop, *Oil Painting Workshop: Seascape*, on Friday and Saturday, August 7 and 8. There are a limited number of spaces available, so be sure to preregister early. You will find more information about this and other classes to help you express your creativity listed in the *Art* section.

## Do Something For Yourself: Enroll in a Personal Growth Class

The Lebanon Center has arranged two great *Personal Growth* workshops to be held weekends this summer. Both classes are taught by LBCC counselors. Karen Brockett is teaching a three-day, three-credit workshop about *Life Transitions*. The class focuses on self-exploration through a process of analyzing predictable life transitions and development stages. Lynn Bain returns to lead a two-day, two-credit workshop titled *Coping Skills For Stress*. This Friday/Saturday seminar provides information about the factors that cause and the methods for handling stress. Learn how effective the power of the mind and self-talk can be in reducing the impact of stress. Enrollment for these workshops is limited. Preregistration is required, and early registration is highly recommended.

## One-day Computer Workshops

We have a great way for you to enhance your computer skills and learn new programs. Try one of our one-day computer workshops this summer. The workshops feature lecture and hands-on experience and include *Organizing Your Finances: Quicken, Useful DOS and Hard Disk Management, Windows, Computer Survey, Beginning WordPerfect, Computer Viruses, Data Recovery and Disk Repair, PC Troubleshooting and Spreadsheet Fundamentals*. Look in the *Computers: Microcomputer Applications* section of the Lebanon Center listings for more information.

## Summer Operations Curtailed

Because of budgeting constraints, the Lebanon Center is reducing summer services and operations. The majority of the Lebanon Center programs are limited to four weeks this summer, and the Center will be closed July 19 through August 27. The Center will resume its normal operations at 8 a.m. on Monday, August 30. Any questions about center activities, classes or other college-related functions should be directed to the Albany Center, 967-6108. We are sorry for any inconvenience this closure may cause and thank you for your patience and understanding.

## Financial Aid

Information about financial aid and reduced tuition for part-time students is available by visiting the Sweet Home Center, 1314 Long St., or by calling 367-6901.

# Highlights

The Sweet Home Center staff is here to serve you! Please don't hesitate to call Joanne, Mary Sue, Anne or Mary at 367-6901 if you have questions about classes offered in the Sweet Home or Brownsville areas. We also would like to hear from you if you have any suggestions for future class offerings.

## Summer Computer Classes

Computer classes for beginners are available in Sweet Home this summer. You can get hands-on experience in *Microcomputers: An Introduction* and *WordPerfect: Short Course*. Both are five-week classes and use IBM-compatible computers.

## Classes for Fun and Physical Fitness

To get in shape for summer activities, try one of our exercise classes offered in Sweet Home and in Brownsville. Choose from *Light Aerobic Exercise*, *Aerobic Exercise*, *Aquatic Fitness*, *Body Workout* and *Yoga for Health*. See the *Physical Education* and the *Brownsville/Halsey* listings to find the time and location to suit your needs. Through our *Emergency First Aid* and *CPR*, you can obtain or update your certification card. In addition to helping you be prepared for emergencies during summer outdoor activities, being certified can be an advantage when applying for a job.

## Star Gazing

Learn to identify the constellations and find out how they got their names. The *Star Gazing for Earthlings* class meets in September and includes a three-hour outdoor star-gazing session (weather permitting). Register prior to July 2 or after September 1.

## Adult Basic Education/GED

ABE/GED classes are being held at the Sweet Home Center this summer so that students can begin or continue with their studies to obtain a high school equivalency certificate. The classes meet for four weeks and class hours are 9 a.m. - noon Monday through Thursday. Registration and orientation for these classes is Monday and Tuesday, June 21 and 22, 9 a.m. - noon.

## Safe Hunting!

A *Hunter Safety* course is required for those under the age of 18 who want to obtain a hunting license. The Sweet Home Center will offer the class in August and in September. See the *Special Interest* section of our class listings for times and locations. Register at the LBCC Sweet Home Center before July 2 or at Dan Dee Sales in Sweet Home after July 2.

## Summer Closure

The Sweet Home Center will be open 8 a.m. to 5 p.m. Monday through Thursday until July 1. We are closing for the summer July 2 through August 31. A staff member will check in periodically to take care of on-going classes. During July and August, please call the Albany Center on the main campus, 967-6108, for information about Sweet Home Center classes. For information on other college programs, contact the First-Stop Entry Center on the main campus, 967-6105.

## Contracted Training

**Faculty:** Barbara Bessey, Alana Knudson, Joe Vincent

Contracted Training is a department of the Training and Business Development Center located on LBCC's main campus. Our primary purpose is to work with business, industry, government, education and community-based organizations to provide quality training customized to their unique and specific needs. We work with a contact person from an organization to assess their needs, design, deliver and evaluate training. The following is just a small sample of the organizations we have worked with in Linn and Benton counties: James River Corporation, Oregon Freeze Dry, Good Samaritan Hospital, Hewlett-Packard, City of Albany, Valley Landfill, Lebanon Community Hospital, City of Corvallis, OREMET, Benton County and Albany General Hospital.

We can offer training in a wide variety of areas: Supervisory, Communication, Computer, Customer Service, Workplace Basics--just to name a few.

If you have a training need or an organizational problem you would like help with, please call 967-6112.

### We Want Your Suggestions

If you are interested in a seminar you believe others would be interested in, please call our office with suggestions at 967-6112.

## Business Development Center

**Director:** John Pascone

**Faculty:** Tom Nelson, Dennis Argent, Kent Smith, Marty Schulz

The Business Development Center (BDC), cosponsored by the U.S. Small Business Administration (SBA) and the State of Oregon Economic Development Department, offers a variety of services to assist both new and existing business owners. The following services are available to business owners in Linn and Benton counties:

- 1) Free individual counseling is available by appointment.
- 2) Seminars/workshops are offered on a wide variety of business management topics.
- 3) Our two-hour "Going Into Business" workshop is designed to increase your chances of successfully starting your own business by helping you to plan before you start. (\$5 fee includes start-up booklet.)
- 4) Business Assessment: An evaluation conducted one-on-one with a business counselor to assess the overall management of operations and financial and marketing functions of your business. From the results, a strategic plan is developed addressing the areas requiring assistance.

For more information about our services or to make an appointment, call the Business Development Center at 967-6112.

**SBA**

*The Business Development Center is partially funded by the U.S. Small Business Administration. The support given by the U.S. Small Business Administration through such funding does not constitute or express an implied endorsement of any of the cosponsors' or participants' opinions, products or services.*

## Score

Volunteers of the Service Corps of Retired Executives (SCORE) are men and women who have had very successful business careers as company executives or business owners. They are here to share with you - free - their knowledge and expertise. Whether you are thinking about starting a business or are already an established business owner, your local SCORE volunteer is here to help you with your business needs. To make an appointment, call 967-6112.

# Highlights

## Going Into Business

This two-hour workshop is designed to help you to evaluate your business idea, sources of financing, steps to developing a business plan and elements of a good recordkeeping system. We recommend that you take this workshop prior to enrolling in *Developing Your Successful Business*, which will be offered again Fall Term. *Going Into Business* is held monthly in Corvallis, Albany and Lebanon. The cost is \$5 and includes a "Getting Started" workbook.

## Successful Grant Writing

This seminar focuses on local (Northwest) foundations, including corporate foundations and giving programs, as well as regional and national foundations. Key elements of the training include:

- Foundation research/resource materials
- What have foundations supported in the past
- Methods of approach
- Making "appropriate" requests
- Elements of a letter proposal
- Letter proposals vs "full blown" proposals
- How much to ask for and how to ask

For more than ten years, Craig McPherson has trained thousands of people in Oregon on fund raising for nonprofit agencies. As an active board member of a small nonprofit organization, owner of a small business (consulting and freelance work in fund raising for nonprofits), and past author of three editions of *The Guide to Oregon Foundations*, Mr. McPherson brings considerable experience to this training. This class is to be held 9 a.m. - 4 p.m. May 6 in the Boardrooms (College Center 103) at LBCC. The cost is \$40. Call 967-6112 to register.

## Turning Point Transitions

Confidence-building, life skills and career exploration highlight this program for those who are in transitions, often as a result of divorce, separation, death of spouse, single parenthood or altered homemaker status. Participants learn to build self-confidence by improving communication and assertive abilities. Students also learn specific life skills such as time and money management, goal-setting, decision-making and problem-solving techniques. Career exploration is tailored to meet the needs of participants who want to seek further education/training or to enter/re-enter the job market.

Some assistance with child care and transportation is available for participants in need of these services during the course. Contact Mary Lou Bennett at 967-0581 or 928-2361, ext. 564. Watch for this program in the Fall Term Schedule of Classes.

## Developing Your Successful Business

This six-week series will increase your chance of survival by teaching you the necessary elements for operating a successful business, assisting you in defining your business concept, exploring financing options, helping you compile relative information so you can make informed start-up decisions and explaining business success factors. Look for this class in the Fall Term Schedule of Classes.

# COMMUNITY COLLEGES JOIN TO IMPROVE OREGON'S INDUSTRIES

The OATC's mission is to improve competitiveness through training in advanced technology and through technology transfer to reduce the timelag between technology innovation and actual innovation in the workplace. Five Oregon community colleges - Chemeketa, Clackamas, Linn-Benton, Mt. Hood and Portland - have joined together to form the Oregon Advanced Technology Consortium and concentrate their individual expertise in advanced technology to improve the competitiveness of Oregon's industries. The Consortium is the first of its kind in the nation and is located in the Clackamas Community College/ Wilsonville Center. If you would like more information about the OATC and the services it can offer your business, please call: Dr. Peter Scott, Dean, Science and Industry at 928-2361, ext. 181.
