From: Kevin Mahoney, Classified Association President

Re: Monthly Updates for the Board of Education

Hello everyone,

On February 1st and 2nd the Student Success and Retention Conference took place in Portland. This conference represents a connection between the Oregon Community Colleges that allows us to learn from each other.

There was classified representation from multiple departments at LBCC.

Attendees included:

Dionna Camp - CFAR

Kate Griensewic- Benton Center

Felicia Soderstrom-Caldera - Adm/Reg

Amy Bradburn - Adm/Reg

Amanda Stanley - Adm/Reg

Emily Dray - Advising Center

Rob Camp - Advising Center

Barb Horn, Student Activities Coordinator, volunteered as a judge for Benton County 4-H Favorite Foods Contest Jan. 20th and served on the Benton County 4-H Scholarship Committee on Thursday, Jan. 25th

Lena Spencer and Kevin Mahoney attended the LaserFiche annual conference in Long Beach, CA January 8-12th along with Management/Confidential staff Michael Quiner and Amber Vore. The conference was about creating forms and automating tasks and workflows. We already have a few experts on campus and our hope was to add to their knowledge and expand the number of users so we could continue to implement the process improvements that this program has to offer. There is so much potential that the group of users on campus have set up a recurring lab to work across multiple departments to help each other solve problems.

Thank you,

Kevin
