October 27, 1969

Deadline - Friday, 5:00 p.m. Editor, Peggy T.

MODULES ARE ARRIVING!

If you've been "sidewalk supering" in the Park area, you've no doubt noted the arrival of the first modular unit....in six slices! When constructed, these six units will form a single 60' X 60' structure. Two additional units (12 modules) are also on their way and should arrive this week. Vern Farnell has selected November 15th as the "target date" for their completion, so there will be lots of moving activity in the meantime...right bookstore?!

SITE SELECTION COMMITTEE RECOMMENDATION that the Board of Education give serious consideration to the site now owned by the college or one in the same general area as being best able to serve the needs both current and future of the population.

According to Dr. Schafer, the Board will study this recommendation and possibly take action at the November 13 meeting.

The Bob Kirtley's are returning today from Des Moines, Iowa, after spending the weekend with his parents and helping them celebrate their 50th Wedding Anniversary. Bob, his wife, Rene, and daughter, Alyssa made a flying trip!

ANNE MILLS AND JANET RAFFENSPERGER attended the annual Oregon State Health Association meeting held at Central Oregon Community College in Bend, Oregon, October 9th and 10th. Dr. Miles Anderson, Dean of Students at Gonzaga, U., provided some insight regarding personality characteristics of health workers, and some valuable information concerning interview techniques. According to Anne, "The Community College must be the most scenic location in the state, with their spectacular view of the mountains!"

LBCC DAMES MEETING NOVEMBER 13th

Judy Ross with hostess the next meeting, scheduled for November 13th. 7:30 p.m.....and, if the office gossip can be relied upon to set schedules, NOW is a good time to start sewing or looking for that special holiday dress to wear to the Christmas Dinner and Dance December 12th! It's a great time to sparkle and it sounds like a gala evening is planned for the T & R.

UNOFFICIAL ENROLLMENT REPORT....(AN UNOFFICIAL TID-BIT!!)

Direct from Dean Archibald....(unofficially).....there are over 2800 students enrolled now at Linn-Benton Community College! Broken down into more unofficial figures....approximately 1225 enrolled in Adult Education and about 1600 taking credit classes. We have 500 full time students (taking 12 credit classes or more, evening or daytime) with a "FTE" of approximately 1000.

We'll know officially next week....but it looks like we "made the mark" of 1000 FTE projected last year for this year!

A RUSSIAN SCOOP!

Straight from "Ski", Director of Adult Education.....beginning Winter Term, Adult Ed. will offer a 3 hour course in Conversational Russian! John Peter Mailkoff from the Bay area (taught Russian in evening classes at Berkley High School) said "Izoochenie Rooskogo vazika legko chem vi doomaete."

THERAPEUTIC SWIM CLASSES

Every Tuesday and Thursday, 1:00 p.m. until 2:45 p.m., (beginning last Thursday), the Benton County YMCA, 1495 N.W. 20th Pl, in Corvallis, is offering these special swim classes for the handicapped. Interested individuals should contact Mr. Alden Stephens at the Benton County YMCA.

REMINDER FROM DEAN ARCHIBALD

Mid-Quarter deficiency reports are due Tuesday, November 4th.

FIELD TRIPS

You'll find Carl Love, Industrial Chairman, really getting around the country with his classes. To date, they've toured TiLine Corporation and Albany Machine and Supply here in Albany, and the Tomotor Corporation in Dallas. Here is a schedule of the field trips yet to come:

October 30.....Freight Liner Corporation, Portland
November 6,.....Oregon Steel Mill
November 13.....Willamette Iron & Steel
November 20.....Electric Steel Corporation
December 4.....Electronic Specialty Corporation

Your editor had the privilege of touring TiLine with the group, and there are a few pictures to document the occasion. If your class has something special on the calendar, and you think it could be used as worthwhile publicity, let me know!

Also, often a special guest lecture or unique lecture is part of your class program. This is also newsworthy, and when accompanied by a picture, our chances are excellent for getting the story printed. Not only does this give the college publicity, but emphasizes the curriculum. (Last week I learned about pistons and valves, taking blood pressure and new methods of sewage treatment all as part of the publicity program we're constantly working to create.)

COMBINED DEAN'S MEETING...OSU..OCTOBER_31, NOVEMBER 1

Dr. Roy Young, President of Oregon State University and our own President, Dr. Schafer, will give the welcoming remarks at the Dean's Meeting this Friday at OSU. Dr. Goldhammer will speak on "Focusing on the Direction of Community College Programs." Dean Adams has been chairman of planning the event, and, according to Dean Archibald - "You could say we're hosts":
